

**LeagueAires invite you to attend**

## **LeagueAires Annual Symposium**

**Featuring keynote speaker, Melissa Wenzell**

### **MUSIC AND THE BRAIN – A PERFECT ORCHESTRATION THROUGHOUT OUR LIFE SPAN**

Thursday April 6, 2017 at 7 p.m.

MacPhail Center for Music — Antonello Hall

501 South 2nd Street, Minneapolis, MN 55401

Free Admission; Reception to Follow.

*The LeagueAires Annual Symposium, sponsored by the Suzanne Holmes Hodder Legacy Fund, was established in 2012 to offer public educational events on the joy and healing power of music.*

Melissa Wenzell is the MacPhail Music Therapy department Co-Founder, Senior Music Therapist. She is a Neurological Music Therapist and is a Fellow through the Center for Biomedical Research in Music at Colorado State University.

Melissa will present current research, best practices and experiential opportunities and will utilize brain scans to demonstrate the positive effects music has on the brain.
